

Opening to Guidance

For many people Life and the world is “interesting” in these days. Many feelings, too many thoughts. What’s going on in my life? What is my purpose? What’s the next step, how can I be happy, abundant, create great relationship? Heal my Body? My mind? My Heart?

We Love to be inspired and motivated and creative, to feel like we can, and are making a difference in the world, to be effective, and efficient with our energy and to feel safe and loved. And the world seems to be getting more and more stressed and fearful and caught in the mass media guidance of drama and judgement.

It is time to get CLEAR! To receive some good clear loving support and guidance.

In this wunderbar weekend workshop we will open and clear the higher energy centres and higher glands (the pineal and pituitary), activate the frontal lobes of the brain and connect! Connect with your own Higher Guidance, creating a healthy free channel to Soul, Spirit, Masters, Angels or whatever you perceive the higher presence to Be.

Equally important is opening the Base and Lower energy centres to The Earth. To open to The Guidance of The Mother, she has such wisdom and love for us, if we can allow ourselves to embrace it.

This also opens and clears the Base and Sexuality and Solar Plexus, so our life-force can flow and strengthen the body’s immune system to help us ease through the winter in health and HAPPINESS.
